

Hearing you, case by case.

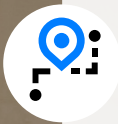

Purpose driven.

Purpose built.

Location, location, location

Located in the heart of Paris' 17th *arrondissement*, convenient for the Paris and global arbitration communities, the **ICC Hearing Centre offers:**

Proximity to Parisian law firms

Most located within a 2km radius

Easy Metro access Walking distance to Metro line 14 station "Pont Cardinet" providing direct access to Gare de Lyon and Paris Orly airport and walking distance to "Villiers" station on Metro lines 2 and 3 for easy access to the Gare du Nord train station and Paris Charles de Gaulle airport

Road accessibility Cars and taxis can reach the venue via large avenues with comparatively easy traffic circulation

Safe and secure residential neighbourhood

Surrounded by typical Parisian small shops and restaurants

Calm environment A haven of calm our off-street site enables focus away from the noise of the city

24/7 access Accessible 24 hours a day, seven days a week, with direct entry off a side street or via the main building reception

As the latest addition to ICC's comprehensive dispute resolution and prevention services, the ICC Hearing Centre builds on our longstanding reputation for service excellence, trust and neutrality.

As unique as your case, facilities have been custom-built on the foundations of ICC's peerless experience and purpose, to meet your every need.

Paris roots

Home to ICC's International Headquarters for over a century, Paris is a leading arbitral centre and seat. The ICC Hearing Centre first opened in the city in 2008, making it one of the first and most experienced centres in the world.

Connecting business

The ICC Hearing Centre is uniquely connected to ICC's unrivalled global business network in over 170 countries.

Convenience beyond hearings

From hearing set ups to accommodation, dining and recreational activities, the ICC Hearing Centre offers a comprehensive suite of services for our guests.

Tried and trusted

Entirely neutral and available for any kind of hearing, to ICC members and non-members alike, our hearing services have been trusted by a broad range of law firms, corporates, states, state-owned enterprises, and of course arbitrators, for over 16 years.

ICC cases made easy

Hearings for ICC cases are integrated in the broader dispute resolution services provided by the ICC International Court of Arbitration, the world's leading arbitral institution, and the ICC International Centre for ADR.

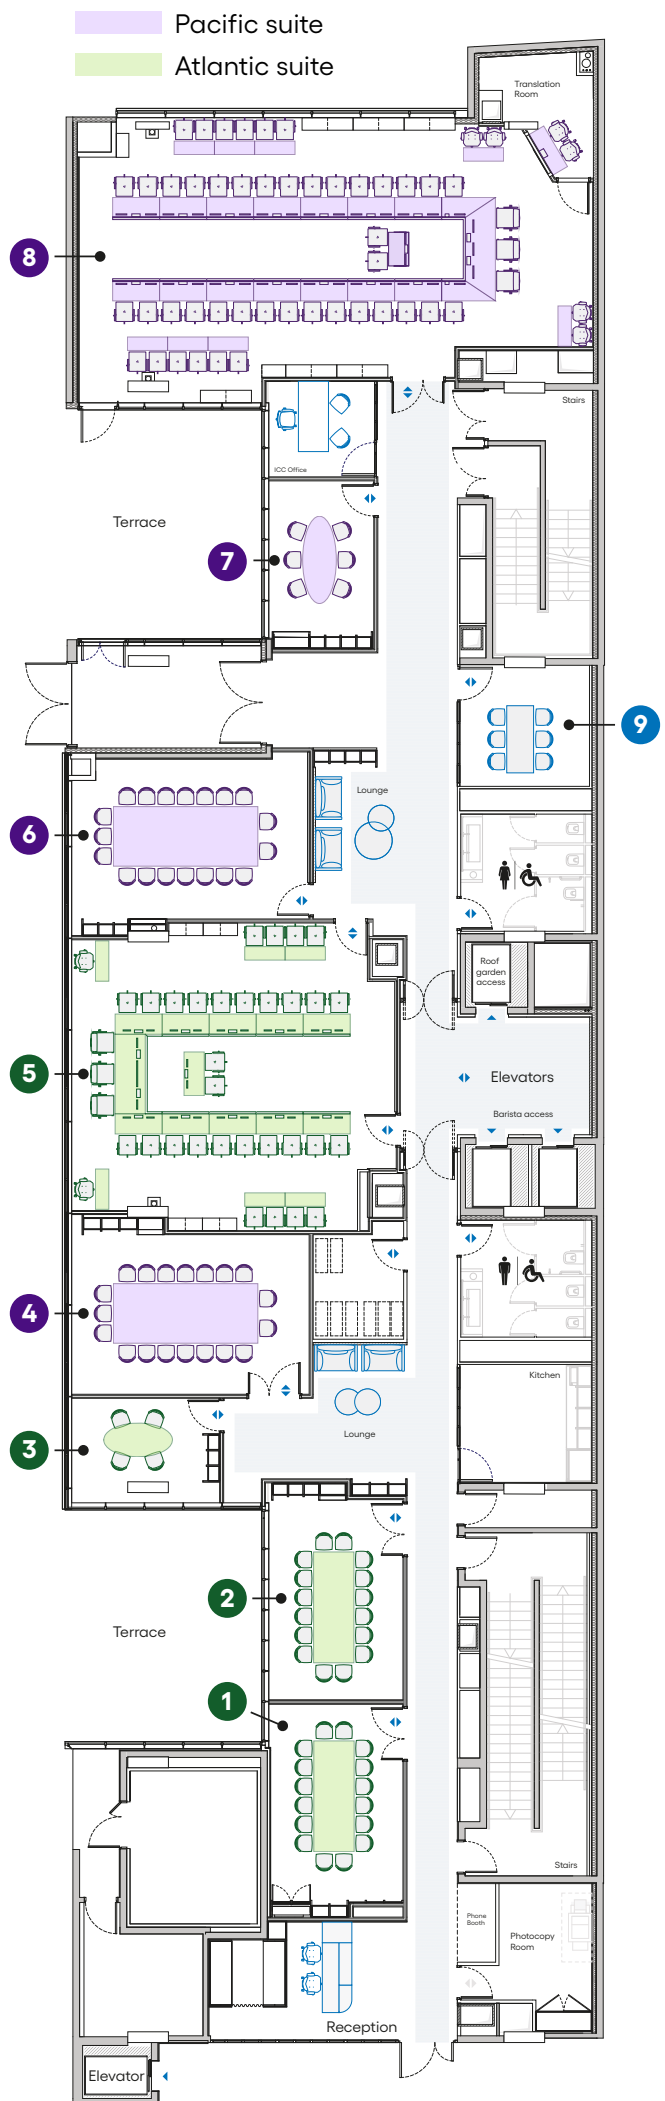

**Meeting needs,
exceeding expectations.**

The ICC Hearing Centre supports our goals, as a dispute resolution pioneer, enabling access to justice in our drive to ensure our range of fit-for-purpose solutions and services meet the evolving and new needs of business and legal communities worldwide.

Spanning the upper ground floor of an all new five-storey complex, the ICC Hearing Centre premises combine original and contemporary materials to create a bright, calm and modern working environment. The space gives direct access to a rooftop garden, with rooms overlooking landscaped patios and terrasses while the ground floor barista services offer a variety of healthy eating and drink options all day. The site also features a large, new coworking space.

Room specifications

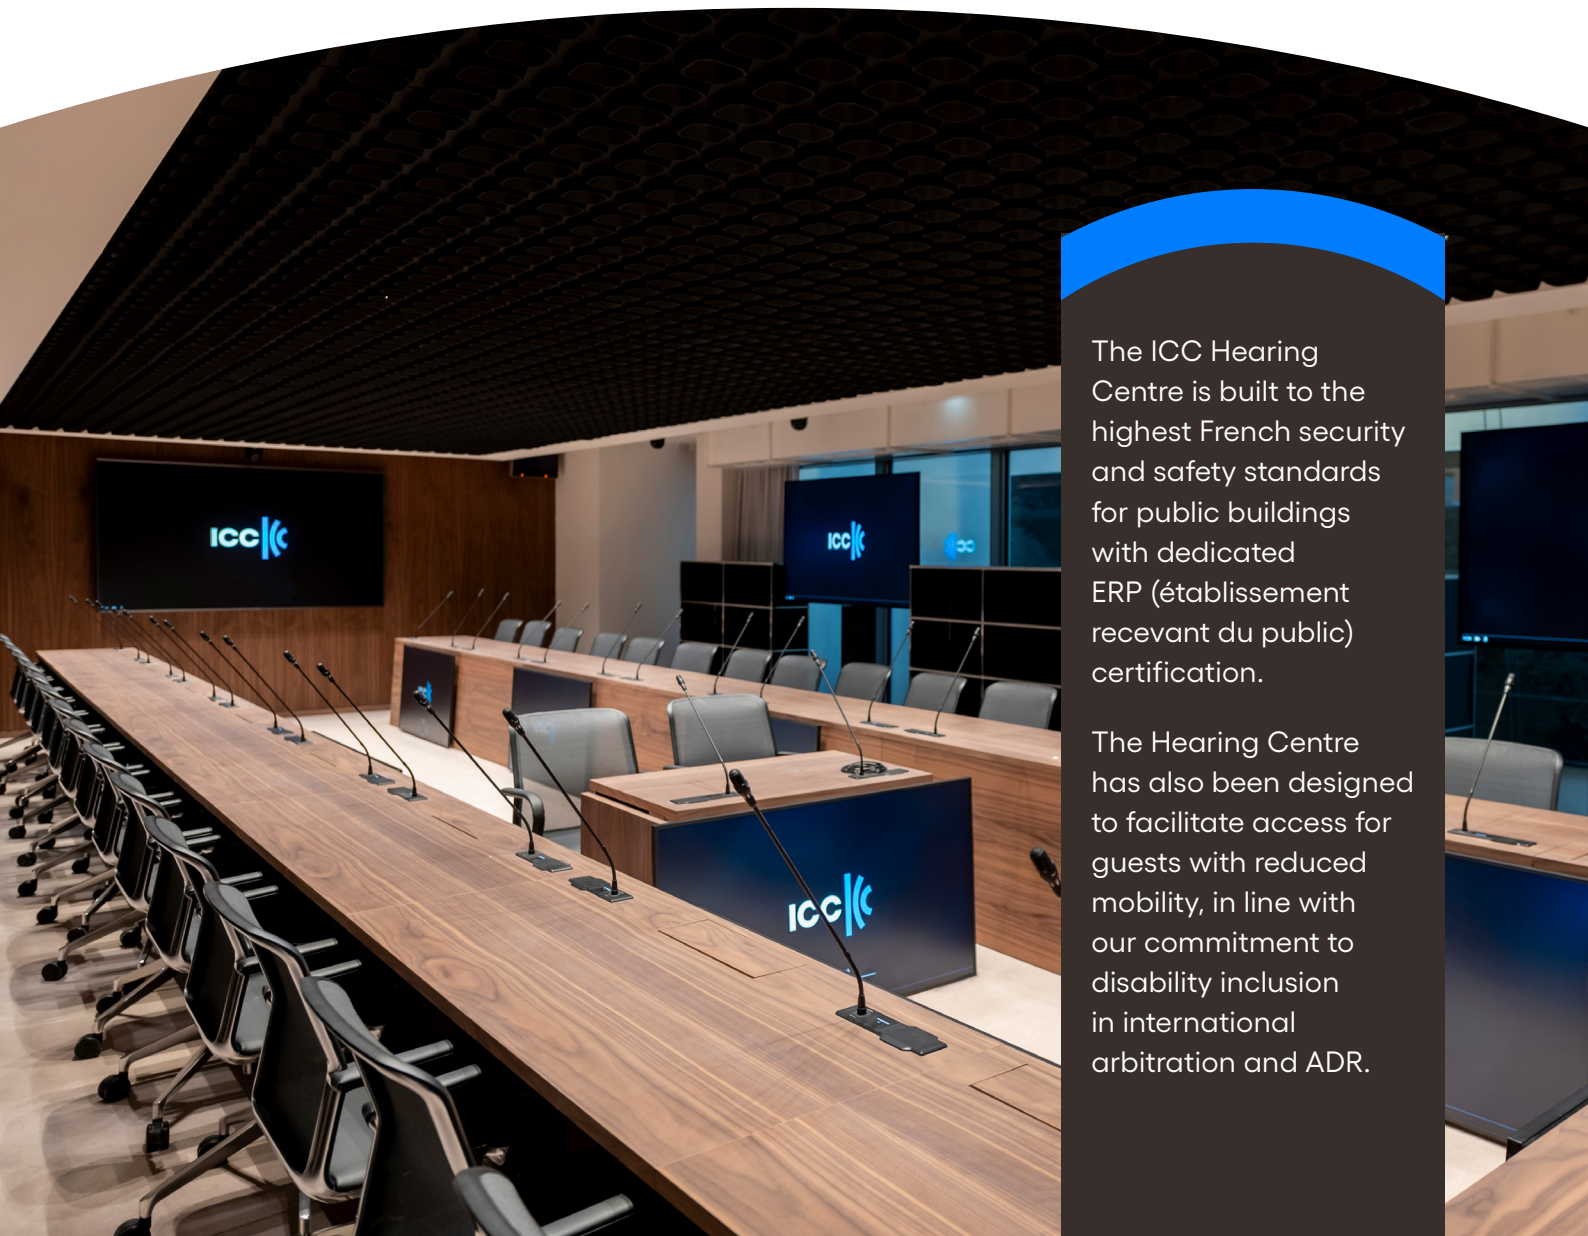

The ICC Hearing Centre comprises two purpose-built hearing suites and a meeting room with capacity to accommodate another hearing or meeting. Each suite features two break out rooms and one arbitrator break out room.

State-of-the-art premises designed for in-person, hybrid and virtual hearings delivering optimal efficiency, technology, confidentiality, accessibility and overall comfort.

At 120m², our largest hearing room has capacity for 55-people and is fully equipped with audio and video features, including eight videoconferencing cameras, multiple screens and a built-in interpretation booth.

In addition, our 90m² meeting room capacity for 35 people and is fully equipped with audio and video features, including eight videoconferencing cameras, multiple screens and ability to accommodate an interpretation booth.

safe • secure • accessible

The ICC Hearing Centre is built to the highest French security and safety standards for public buildings with dedicated ERP (établissement recevant du public) certification.

The Hearing Centre has also been designed to facilitate access for guests with reduced mobility, in line with our commitment to disability inclusion in international arbitration and ADR.

Hearing Centre facilities

With a goal to continue exceeding the expectations of our valued arbitration and ADR communities we want to ensure ICC Hearing Centre guests benefit from the very latest advances in technology.
